Introduction

The Park Federation Academy Trust (referred to herein as the Trust) was established in 2012. The Trust is a multi-academy trust (MAT) incorporating academies.

The Trust is a company limited by guarantee and an exempt charity, regulated by the Secretary of State for Education.

The Trust's constitution and its charitable objective is set out in its Memorandum and Articles of Association.

Trustees (referred to herein as Directors) have an overriding duty to act freely and in the best interest of the Trust and the academies at all times.

The purpose of the Scheme of Delegation (SoD) is to provide operating clarity to the roles, roles and responsibilities and authority of those who contribute to the governance and oversight of the academies and the Trust itself. The scheme of delegation is subsidiary to the Articles, Funding Agreements and academies legislation.

In this scheme of delegation (SoD) the trust board delegates responsibility for the performance of the trust, including the performance of the academies within the trust, to the chief executive officer (CEO). However, some responsibilities concerning the performance of each academy are delegated to Academy Councils (ACs). These responsibilities will include monitoring whether the academy is working within the agreed policies, whether standards are being met, and if the money is being spent in the interests of the children and trust. The Academy Council must ensure that their academy is being well served by the executive leadership, and they will have access to the board if there are concerns.

The MAT board will hold the CEO to account for the performance of the trust, including the performance of the academies within the trust. The CEO in turn holds other senior executives to account by line managing them. The CEO is performance managed by the trust board. The CEO performance manages the academy principals but will seek input from the Academy Council chair.

This means that as the CEO is accountable to the board for the performance of the trust as a whole, the CEO will report to the board on the performance of the trust including on the performance of the trust's schools, although this may be supplemented by monitoring reports from board committees or respective Academy Council.

The board will never delegate its accountability, it does however delegate some of the detailed scrutiny, oversight and decision making.

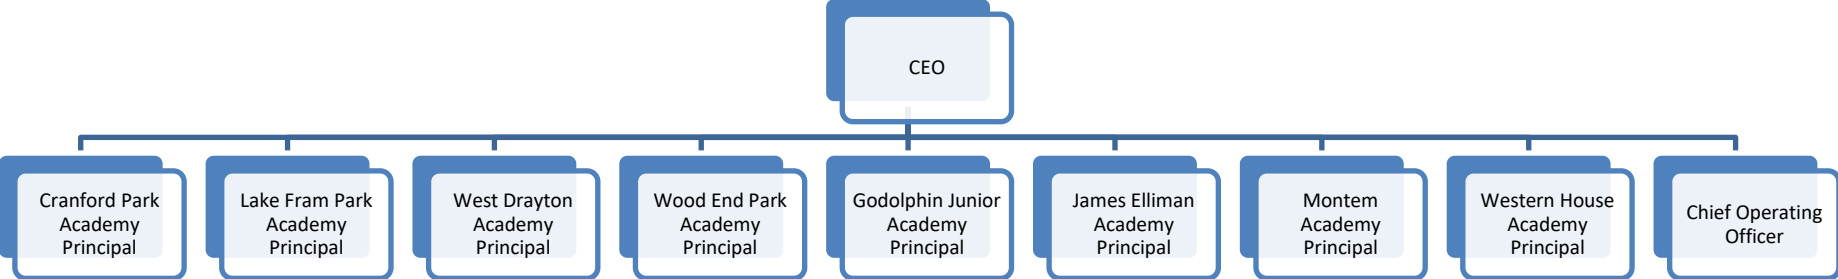

The Trustees will review this scheme as required and a formally review will take place every two years.

This scheme of delegation is effective 01 September 2022.

Integrity Holders of public office should not place themselves under any financial or other obligation to outside individuals or organisations that might seek to influence them in the performance of their official duties.

Objectivity In carrying out public business, including making public appointments, awarding contracts, or recommending individuals for rewards and benefits, holders of public office should make choices on merit.^[1]_[SEP]

Accountability Holders of public office are accountable for their decisions and actions to the public and must submit themselves to whatever scrutiny is appropriate to their office.^[1]_[SEP]

Openness Holders of public office should be as open as possible about all the decisions and actions that they take. They should give reasons for their decisions and restrict information only when the wider public interest clearly demands it.^[1]_[SEP]

Honesty Holders of public office have a duty to declare any private interests relating to their public duties and to take steps to resolve any conflicts arising in a way that protects the public interest

Leadership Holders of public office should promote and support these principles by leadership and example.

1. Purpose

The ARC has been established under the direction of the Academy Trust Handbook 2021 section 3 an extract from which is quoted below:-

Part 3: Internal scrutiny

The need for academy trusts to conduct checks to ensure systems are effective and compliant.

Purpose of internal scrutiny

3.1 All academy trusts **must** have a programme of internal scrutiny to provide independent assurance to the board that it's financial and non-financial controls, and risk management procedures are operating effectively.

Approach

3.2 Internal scrutiny **must** focus on:

- **evaluating** the suitability of, and level of compliance with, financial and nonfinancial controls. This includes assessing whether procedures are designed effectively and efficiently, and checking whether agreed procedures have been followed
- **offering advice and insight** to the board on how to address weaknesses in financial and non-financial controls, acting as a catalyst for improvement, but without diluting management's responsibility for day to day running of the trust
- **ensuring all categories of risk** are being adequately identified, reported and managed.

3.3 The trust **must** identify on a risk-basis (with reference to its risk register) the areas it will review each year, modifying its checks accordingly. For example, this may involve greater scrutiny where procedures or systems have changed.

Working with other assurance providers

3.4 Internal scrutiny should take account of output from other assurance procedures to inform the programme of work. For example, it should have regard to recommendations from the trust's external auditors as described in their management letter, and from relevant reviews undertaken by the Education Skills Funding Agency (ESFA).

Independence and objectivity

3.5 Independence in internal scrutiny **must** be achieved by establishing appropriate reporting lines whereby those carrying out checks report directly to a committee of the board, which in turn provides assurance to the trustees.

Directing internal scrutiny – the ARC

Requirement for a committee

3.6 The academy trust **must** establish an audit and risk committee, appointed by the board.

- Trusts with an annual income over £50 million **must** have a dedicated audit committee.
- Other trusts **must** either have a dedicated audit committee or can combine it with another committee.

3.7 The audit and risk committee meets at least three times a year.

Remit of the committee in relation to internal scrutiny

3.8 The audit and risk committee must:

- oversee and approve the trust's programme of internal scrutiny
- ensure that risks are being addressed appropriately through internal scrutiny
- report to the board on the adequacy of the trust's internal control framework, including financial and non-financial controls and management of risks.

Membership of the committee

3.9 Employees of the trust should not be audit and risk committee members, but the accounting officer and chief financial officer should attend to provide information and participate in discussions.

3.10 The chair of trustees should not be chair of the audit and risk committee. Where the finance committee and audit and risk committee are separate, the chair should not be the same.

3.11 Where the audit and risk committee is combined with another committee, employees should not participate as members when audit matters are discussed.

Operating the committee

3.12 The committee **must**:

- have written terms of reference describing its remit
- agree a programme of work annually to deliver internal scrutiny that provides coverage across the year
- review the ratings and responses on the risk register to inform the programme of work, ensuring checks are modified as appropriate each year
- agree who will perform the work
- consider reports at each meeting from those carrying out the programme of work
- consider progress in addressing recommendations
- consider outputs from other assurance activities by third parties including ESFA financial management and governance reviews, funding audits and investigations
- have access to the external auditor, as well as those carrying out internal scrutiny, review their plans and reports and also consider their quality.

3.13 In trusts with multiple academies, the committee's oversight must extend to the financial and non-financial controls and risks at constituent academies.

3.14 Oversight **must** ensure information submitted to DfE and ESFA that affects funding, including pupil number returns and funding claims (for both revenue and capital grants) completed by the trust and (for trusts with multiple academies) by constituent academies, is accurate and in compliance with funding criteria.

Delivering Internal Scrutiny

Principles

3.15 Internal scrutiny **must**:

- be independent and objective – for example it **must not** be performed by the trust's own accounting officer, chief financial officer or other members of the senior leadership or finance team
- be conducted by someone suitably qualified and experienced and able to draw on technical expertise as required
- be covered by a scheme of work, driven and agreed by the audit and risk committee, and informed by risk
- be timely, with the programme of work spread appropriately over the year so higher risk areas are reviewed in good time
- include regular updates to the audit and risk committee by the person(s) or organisation(s) carrying out the programme of work, incorporating:
 - a report of the work to each audit and risk committee meeting, including recommendations where appropriate to enhance financial and non-financial controls and risk management
 - an annual summary report to the audit and risk committee for each year ended 31 August outlining the areas reviewed, key findings, recommendations and

conclusions, to help the committee consider actions and assess year on year progress.

3.16 Whilst the audit and risk committee is responsible for directing the internal scrutiny, the findings **must** also be made available to all trustees promptly.

Options

3.17 The trust **must** deliver internal scrutiny in the way most appropriate to its circumstances. Options include:

- employing an in-house internal auditor
- a bought-in internal audit service, from a firm, other organisation or individual with professional indemnity insurance
- the appointment of a non-employed trustee
- a peer review by the chief financial officer from another academy trust. The trust should satisfy itself that the trust supplying the reviewer has a good standard of financial management and governance and should minute the basis for its decision. The peer reviewer should be independent of the trust.

3.18 The trust may combine the above options. The trust may also use other individuals or organisations where specialist non-financial knowledge is required.

3.19 To ensure those carrying out the programme of internal scrutiny work are suitably qualified and/or experienced:

- auditors should be members of a relevant professional body
- trustees and peer reviewers performing the work should have qualifications in finance, accounting or audit, and appropriate internal audit experience. Trusts should work towards this position where it is not already the case.

3.20 Trusts should note that the Financial Reporting Council's Ethical Standard states that a firm providing external audit to an entity shall not also provide internal audit services to it. In order to minimise threats to objectivity and independence in the internal scrutiny of academy trusts, ESFA considers that the term internal scrutiny **must** be viewed in the same way as internal audit.

3.21 The trust **must** keep its approach to internal scrutiny under review. If it changes in size, complexity or risk profile, it should consider whether its approach remains suitable.

External reporting and transparency

3.22 The trust **must** confirm in its governance statement, accompanying its annual accounts, which of the internal scrutiny options it has applied and why. The outcome of the work **must** also inform the accounting officer's statement of regularity in the annual accounts.

3.23 The trust **must** submit its annual summary report of the areas reviewed, key findings, recommendations and conclusions (as presented to the audit and risk committee under section [3.15](#) by the person(s) or organisation(s) carrying out the programme of work) to ESFA by 31 December each year when it submits its audited annual accounts. If the trust uses additional individuals or organisations where specialist non-financial knowledge is required, as permitted under paragraph [3.18](#), it should reflect their findings, recommendations and

conclusions as part of the summary document submitted to ESFA. The trust **must** also provide ESFA with any other internal scrutiny reports if requested.

2. Constitution

The committee shall comprise three members who have been appointed by the Board of Directors of The Park Federation Academy Trust. Members will normally come from the Trust's Board of Directors and the Local Governing Bodies (known as Academy Councils) of Trust Academies. However the Board may appoint a Committee member as an Associate in order to provide someone with relevant financial experience. No member of staff or a member of the Finance and Operations Committee can be a member of the Audit and Risk Committee. No quorum applies as it is expected that all 3 members of the committee attend all meetings.

3. Frequency of Meeting

To meet a minimum of 3 times a year:

- Principally to review reports from the Internal Scrutiny Officer and
- after the report from the external auditor on preparation of draft annual accounts
- or more frequently if deemed necessary by the members of the committee.

4. Risk Management

To advise the Board of Directors on risk management by:

- Becoming familiar with the concepts and requirements of risk management
- Acting as a catalyst for risk management activity across the Trust
- Ensuring appropriate audit work on risk management
- Collecting information on risks and risk management
- Being familiar with the Trust's risk register

5. Internal Scrutiny Officer/External tester

- To advise the Board of Directors on the appointment of an Internal Scrutiny Officer who will be an external appointment to the Trust
